

PEOPLE ARE PROBABLY MORE AWARE OF THEIR DIGESTIVE SYSTEM THAN OF ANY OTHER SYSTEM BECAUSE OF ITS FREQUENT MESSAGES. HUNGER, THIRST, WIND (GAS), AND BOWEL MOVEMENTS ALL AFFECT DAILY LIFE. EATING WELL AND REGULAR EXERCISE ARE THE BEDROCKS OF GOOD DIGESTIVE HEALTH. PLENTY OF FRESH VEGETABLES AND FRUIT, ADEQUATE FIBRE, AND A LOW INTAKE OF ANIMAL FATS AND SALT ARE SIMPLE GUIDELINES FOR MAINTAINING NOT JUST THE WELLBEING OF THE DIGESTIVE SYSTEM BUT THAT OF THE WHOLE BODY.
