

J

- jaw: bones 48
 - fibrocartilage 46
 - in newborn baby 272
 - teeth 216
- jejunum 213, 219
- joints 19, **44–7**
 - arthritis **60–1**
 - cartilage 59
 - disorders **59–61**
 - jaws 42
 - ligaments 55
 - movement 72
 - muscles 64, 66
 - in newborn baby 272
 - pelvis 53
 - spine 50
 - wrist 54

K

- Kaposi's sarcoma 209
- karyotypes, chromosomes 34
- keratin: in hair 181
 - in nails 180
 - in skin 178, 186
- keratinocytes 187
- ketones 142
- kidneys **242, 244–7**
 - homeostasis 23
 - hormones 133, 135
 - stones 249
- killer T-cells 196
- kinins 201
- knee: joint 46–7
 - patella 41
 - patellar spinal reflex 105
 - torn cartilage 59
- Kupffer cells 25

L

- labia 258
- labour 266, **268–9**
 - birth **270–1**
 - disorders **303**
- lacrimal glands 102, 123
- language *see* speech
- large intestine *see* intestines
- laryngopharynx 162
- larynx 162, 171, 217
- legs: blood vessels 147
 - bones 41
 - growth 276
 - joint disorders 59
 - knee joint 46–7
 - lymphatic system 193
 - muscles 65, 67
 - nervous system 79
- lens, eye 120, 121, 285
- leucocytes *see* white blood cells
- levers, body parts as 72
- ligaments 55
 - injuries 59
 - joints 44, 46, 47
 - spine 50
- light: pineal gland and 138
 - vision 120–1
- light microscopy (LM) 12
- limbic system 86, **94–5**, 108

- lipids 229
- lips, muscles 69
- liver 212, 213, **220–3**
 - disorders **236–7**
 - in newborn baby 272
 - nutrient processing 232
 - tissues 24–5
- liver spots, skin 284
- lobes, brain 90
- loop of Henle 244, 246, 247
- lumbar vertebrae 51
- lungs: blood vessels 153
 - breathing **168–70**
 - cancer 174
 - chronic obstructive pulmonary disease 175
 - coughing 171
 - cystic fibrosis 304
 - disorders **173–5**
 - gas exchange 164, **166–7**
 - inflammatory response 198–201
 - in newborn baby 272
 - pulmonary embolism 158
 - respiratory system 162
 - structure **164–5**
- luteinizing hormone (LH) 134, 258, 281, 282–3
- lymphatic system 16
 - anatomy **192–3**
 - lymph fluid 21, 192–3, 194
 - lymph nodes 192–3, 194
 - lymph vessels 194
- lymphocytes 194, 196
- lymphokines 196
- lysosome 26, 200

M

- macrophages 194, 196–7, 199
- macula, balance 119
- macular degeneration, eyes 285
- magnetic resonance imaging (MRI) 13, 111
- malaria 206
- male reproductive organs **252–3**
 - disorders **294–5**
 - infertility **301**
- malignant tumours 305
- mammary glands 135, 259
 - see also* breasts
- mammogram 12
- manual dexterity, development of 278–9
- marrow, bone, 42, 43
- mast cells 208
- Meissner's corpuscles 115, 182, 183
- melanin: moles 189
 - skin pigmentation 134, 187, 188
- melanocytes 134, 187, 188, 189
- melanoma 12
- melanosomes 187
- melatonin 132, 138
- membranes: cells 26, 27, 28
 - epithelial tissues 184
 - lining of mouth 214
 - peritoneum 213
- memory **110–11**, 125
- memory cells, immune system 196, 197, 208
- meninges 87, 88, 98
- meningitis 126
- meniscus, knee joint 47, 59
- menopause 58, 285, 297
- menstrual cycle 282, 283
 - endometriosis 296
 - ovulation 256, 258
- menstruation 282, 283, 285
- Merkel's discs 115, 183
- metabolism 132, 141, **233**
- metacarpal bones 41, 54
- metatarsal bones 41, 44, 55
- meticillin 205
- microfilaments, cells 26
- microorganisms: immune system 194–5, **202–7**
 - see also* bacteria; viruses
- microreceptors 20
- microscopy 12
- microtubules, cells 26
- microvilli, cells 26, 28
- migraine 125
- milk, breast-feeding 135, 259, 273
- milk teeth 272, 278
- minerals 220, 232
- miscarriage 303, 304
- mitochondria 26, 29, 35
- mitral valve, heart 151, 152
- molars 216, 278
- molecules, crossing cell membrane 29
- moles 189
- monocytes 194, 199
- morula 260
- mosquitoes, malaria 206
- motor nerves 82
 - autonomic nervous system 106
 - positional sense 73
 - spinal reflexes 105
- motor skills 19, 278–9
- mouth **214–17**
 - anatomy 214
 - digestive system 212
 - muscles 69
 - sense of taste 113
 - teeth 216
- movement **19**, 70, 72–3
- mucus, coughing and sneezing 171
- multiple-gene inheritance 293
- multiple pregnancy 266
- multiple sclerosis (MS) 127
- multipolar neurons 82
- muscles 14, 19, **64–74**
 - autonomic nervous system 106, 108–9
 - breathing 168, 170
 - cells 27, 35, 36
 - contraction 70, 71
 - development of 278–9
 - digestive system 212, 226, 227
 - disorders **74**
 - eye 121, 123
 - face, head, and neck **68–9**
 - hands 54
 - heart 150, 153
 - joints 46
 - movement 70, 72–3
 - proprioceptive sense 73, 102
 - puberty 280
 - stomach 218
 - structure 70–1
 - tendons 72
 - tissues 37, 67
 - tongue 214
 - mutations 288
