

Lying side by side is often recommended after a Cesarean.

Bottle-feeding

For bottle-feeding, you'll need four to six bottles: larger 8 fl oz (250 ml) bottles, and smaller 4 fl oz (125 ml) ones; newborn bottle nipples; a bottle brush; and infant formula. If you have chlorinated tap water, it's okay to put bottles in the dishwasher or wash by hand. Otherwise, clean all of the parts, then boil in water for 5–10 minutes. Put filtered or cooled boiled water in the bottle, then add the formula according to the manufacturer's instructions. Test the temperature of the milk by squeezing a drop on
