

THE ECONOMY

World's second-largest economy. Established market leader in high-tech electronic goods and cars. Talent for developing ideas from abroad. Global spread of business – especially to EU, US. Once-revolutionary management and production methods. Long-term research and development. Largest coal importer. Trade surplus causes international tension. Protectionism in domestic economy. Much-needed reform of financial sector has been obstructed by traditional economic power brokers. Significant aid donor.

 **INSIGHT:** *The Japanese are among the world's most avid newspaper readers, with daily sales exceeding 70 million copies*
