

Squashy octopus

Let this lovable, cuddly octopus brighten up your nursery. His floppy tentacles and squishy body make him incredibly endearing. If you like, you could put a noise-making toy notion inside each tentacle.

YOU WILL NEED ✿ tracing paper ✿ marker pen ✿ scissors ✿ 30.5 x 40.5cm (12 x 16in) body fabric
✿ 16 scraps of different 8 x 18 (3 x 7in) fabrics for the tentacles ✿ 18 x 18cm (7 x 7in) bottom fabric
✿ fusible interfacing (optional) ✿ pins ✿ sewing machine ✿ matching thread ✿ needle
✿ toy filling ✿ large-eyed needle ✿ navy and white embroidery threads

1 Trace the templates on page 237 onto the tracing paper and cut them out to make the pattern pieces.

2 Pin the pattern pieces to the fabrics and cut them out. If your fabric is lightweight, you may wish to reinforce it with fusible interfacing before cutting it out. Cut four body pieces from the same fabric; one bottom, circular piece in a contrasting fabric; and 16 tentacle pieces. Here we have cut eight pieces from different fabrics for the upperside of the tentacles and eight pieces from the same fabric for the underside of the tentacles.
