

Safety helmet that protects against falling objects and impact.

safety cap

Hard headgear that protects the head.

**rib**

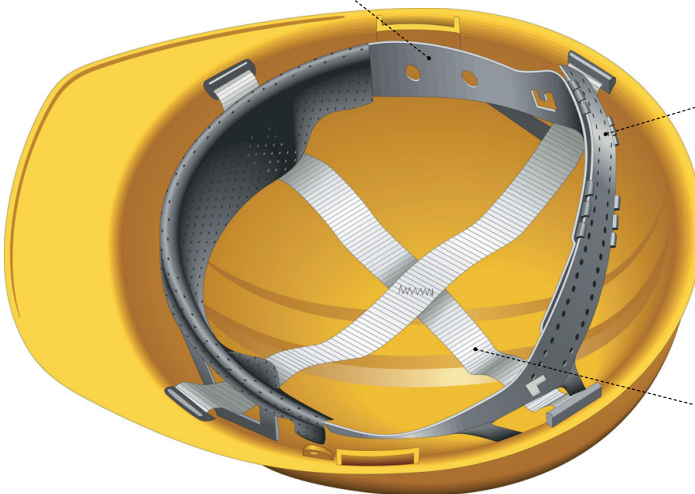

Ridge that reinforces the top of the safety cap.

peak

Part that juts out over the eyes to protect them.

headband

Band that surrounds the base of the skull to keep the cap in place.

**neck strap**

Strap that tightens around the nape to keep the safety cap in place.

suspension band

Belt on the inner top of the cap that is made of resistant fabric to cushion the impact of blows to the head.
